

PROJECT TITLE HERE

Name A

Name B

Page limit: 5 pages.

I. INTRODUCTION

Include motivation and clear summary of contributions.

II. RELATED WORKS

III. PROBLEM FORMULATION

IV. PROPOSED METHOD

V. EXPERIMENT RESULTS

Include the simulation setup here. Clearly state the main hypothesis you want to verify through experiments and how you designed the experiments. Clearly state the baselines with which your methods are compared. Use tables or plots to report the results.

VI. CONCLUSION & FUTURE WORK

Include the lessons learned in this section.
